

Chris Craft Stingers

WWW.CHRISCRAFTSTINGERS.COM NEWSLETTER, MARCH 2011

Dear members,

In 2010 I embarked on a project to document all remaining Chris Craft Stingers in an attempt to preserve their history. The interesting story of Chris Craft and the Stingers in particular has kept me going in this project. I have been able to document 262 Stingers so far - each with its own unique history.

In my research, I've run across many Stingers for sale - some in better shape than others. I've decided to try and put together a monthly (or bi-monthly) newsletter to highlight the boats that have come up for sale in the past month. This is the first issue of the newsletter - it will contain information I have for a particular boat, but feel free to contact me at ccstinger@gmail.com if you would like more info.

Please feel free to distribute this newsletter to anyone interested. If you would like to be removed from the newsletter mailing list, please let me know.

I'm always looking for Stingers that I don't have on the website, or any suggestions on how to make the website better - so please feel free to contact me at any time.

The description included with each boat below was included in the original advertisement. Asking price may have changed since boat was last listed. More photos of each of the boats can be found on the website.

Location: Minneapolis, MN
Asking Price: \$6,950

Pictured is a 1987 Chris Craft Hi Performance Stinger 202. This boat is all original, never painted, original graphics, and was only built two years. It is the only one on the lake and I have never seen another one. This boat has a brand new remanufactured 225 hp Mercruiser Motor by Tri-Star Engine in Baldwin, Wisconsin. Also has Alpha drive, thru hull exhaust, tilt wheel, and VDO gauges. The interior is in excellent condition, no rips or tears. Also has large sunpad and built in twin swim platforms. Included is a Shorelander trailer and the boat has always been kept inside. Must see to appreciate. \$7,500.00 Might trade for Victory Hammer Kingpin or 8 Ball.

Model: 1986 Stinger 222
Location: Hahira, GA
Asking Price: \$11,000

1986 Chris Craft Stinger. Chevy 350 with alpha one outdrive. Stand up Bolsters seats that came out of a Donzi. Custsom paint. 4" chrome exhaust. This boat was a project boat for me, when i bought it, everything was stolen out of it. There are only three things that keep it from getting on the water. 1. A set of marine gauges, 2. refresh the outdrive and 3. rebuild the carb. The baot does start up and run until the carb floods. It has a 650 cfm Q-jet. Please feel free to contact me if you have any questions. Thanks. Reno Any and all offers will be considered.
