

## CHRIS-CRAFT STINGERS

### Welcome to the August, 2014 Newsletter!

Welcome to the August newsletter.

As in previous months, more Stingers were added to the website. There are now 694 Stingers in the registry – at this rate the 700 mark will be passed in the next month or two. By my analysis, I believe the registry contains no more than 1/3rd of the Stingers built – this would put the total number of Stingers built by Chris-Craft at over 2000.

This month, I plan on writing a series of articles for the newsletter detailing the work I'm doing on my 1984 312. I plan on writing about the small stuff as well as the big stuff. I find working on the boat to be somewhat therapeutic – a step away from the somewhat hectic day-to-day routine. I hope you will enjoy the series.

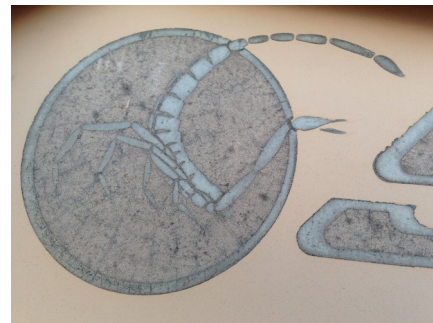

### Work Begins on the 312

When I began looking for a 312 to purchase, I had a couple of items on the wish list. First, it had to be in decent shape with no serious structural issues. Second, it had to be a 1984 model year – I love the straighter windshield lines of these earlier Stingers. Lastly, I wanted a boat that was as factory original as I could find. My long term goal would be to restore the boat back to factory original condition.

With the wish list in place, I kept my eyes open for a Stinger. It took me a while, but finally, at the end of 2013, I came across a 312 in the Detroit area, and purchased it.

Earlier this year, I towed the boat back to the Chicago area. Over the course of the next few weekends, I cleaned out the boat and came up with a work list of items that needed to be done. This item included replacing the teak gas tank access panel in the cockpit, adding a muffler system on the boat to bring it within legal noise level regulations, and replacing the original decals on the side of the boat that were in rough shape.

My work list is relatively long, so, as I waited for other things to fall into place, I decided to work on replacing the decals on the side of the boat. As you can see from the pictures below, the decals themselves were in rough shape.

As part of running the website, I'm always searching the internet for any information on Stingers. About a year ago, I came across a picture that led me to the website a2d-designs.com. According to the website, "A2D Designs specializes in accurately recreating vintage decals and ID tags for vintage boats, water skis, trailers, cars and motorcycles. In addition A2D also does custom design work such as transom graphics, logos, etc."

The picture I found on the A2D website was of a Stinger logo. When I saw this, I contacted the owner of A2D designs – Steve Hilpisch. Steve told me that someone had asked him to design the logo, but the person never ended up buying it.

Knowing that I wanted the logos replaced on my 312, and for the replacement to be as close to original as possible, I sent Steve a rubbing I had made of the decals on the boat. In addition, I decided that I wanted the registration numbers to be created in the same style and font as the Stinger logo itself.

Needless to say, Steve received a

few emails from me regarding the specific details of the decals – I wanted to follow the original, with chrome outlining black on the letters. Once we finalized the details, I sent the money off and waited for the decals.

About a week or two later I received the decals. The decals came with instructions on how to install them. The decals are made of high-quality vinyl. According to Steve, “They will hold up pretty well in the sun and marine application, but like anything if it sits in the sun all the time they will potentially have issues the older they get.”

The decals themselves are covered in a paper mask layer until they are applied, so it was hard to tell what the final product would look like until I got them on the boat.

I decided to start first with the registration numbers as they were the easiest to remove from the boat. I carefully picked at the old registration numbers with my fingers and removed them – it took many

hours, and once done I thoroughly cleaned off the area in preparation for the new registration numbers. I then applied the numbers very carefully according to the instructions provided. As you can see below, I believe the results are fantastic.

The greatest compliment was when I had someone out to see the boat - without pointing out the registration numbers he went right to them and said that the registration numbers “make the boat look fast”. Just what I was looking for!

After the registration numbers, I began working on removing the

decals. These proved to be more work to take off as they were baked onto the side of the boat. I ended up using a razor blade and carefully worked my way from the outside of each character to remove them. It took at least 6 hours to remove the old decals. Unfortunately, I've not had the time to put the new decals on the boat – I hope to have them on by next month's newsletter. To hold you over until next month, however, here's a graphic that was used to produce the decals:

If you are in need of replacement, rare/hard to find, or custom decals for your restoration project, please feel free to contact Steve at [steve@a2d-designs.com](mailto:steve@a2d-designs.com).

Until next month,  
Han

## Stingers for Sale

Below is a list of Stingers that have come up for sale during the previous month. The information for each boat in this section accompanied the owner's original advertisement. Model: 1987 260  
Location: Stanton, IA  
Asking Price: \$14,995

For sale Chris Craft Stinger Just about as nice as used can get. Super clean Redone cuddy last yr. all new grey carpet and white upholstery Redone back hatch sun deck into one solid hatch last yr new white foam and vinyl Twin 350 Mercruiser alpha drives Drives are painted red Faria gauges Powder coated Baja style swim platform I am super picky with this boat. I know every inch of it due to waxing at least three times a season and wiping it down every time it comes out of the water. Stored on a 2006 Loadmaster trailer included Trailer in complete working condition aluminum with brakes. New brakes and wheel cylinders about 3 weeks ago Top end almost 60 with me. Full still runs 56 Very reluctant to sell. Makes my stomach ache but gotta go bigger and need big blocks. Boat measures 28' with back platform.

Model: 1979 Excalibur 310  
Location: Buffalo, NY  
Asking Price: \$7,500

I HAVE THE BARE HULL WITH TRAILER TRI AXEL AND NEW INTERIOR STILL HAS FOUNTAIN WING ON IT ASKING 7500.

Model: 1982 312  
Location: Destin, FL  
Asking Price: \$9,500

This is a classic example of Murray Boat (aka Chris Craft) 80's version of the sport 'cigarette'. This boat is all original. . .twin Mercruiser 300HP (454 cid) V8's, with pre TRS outdrives that are known to be all but bulletproof, velvet drive transmission (still goes in an out of gear like butter) and all original instrument panel, original cleaver props. Teak is in excellent condition. Does not have through hull exhaust so no waking the world when you cruise, can hear the whine of those big V-8's instead. . .a beautiful noise for those that appreciate a big blocks in sync. No serious dings or cracks, paint is in good condition. Engines had a partial top end overhaul in 2010; new risers, alternators, seawater pumps, refreshed oil pan's, refurbished cooling plumbing and new water distribution manifold plus NEW transom. Now for the 'others', last time the boat ran was in 2010 during the poker run and haven't had it in the waters since. Port engine has a outdrive lift leak. Stbd engine has an electrical problem that needs troubleshooting. Engines ran fine for the poker run, electrical issue is causing it not to crank. Trailer is in fair condition goes with boat in sale. Original Chris Craft emblems are mostly in good shape, some have corrosion. Interior flooring is new with rebuilt steps. Original interior other than that. Overall this boat is sound, will need some work, but if you appreciate a classic it is a labor of love. Engines are completely original and ran smooth in 2010. Selling because I dont' have a truck anymore and no time to work on it anymore, this is a classic boat and hard to find one in overall this good condition. If I were to prioritize work to get on the water, troubleshoot electrical issue on stb engine (I have pics of

where I think the problem is), fix port engine trim, tune up and carb rebuild. . .start and push the throttles forward! Additional photo's for serious inquiries, I have tons of pics that highlight every inch of the boat. Price is reasonable for such a rare find!

**Model: 1982 312**  
**Location: Monroe, MI**  
**Asking Price: \$13,500**

1982 312 Chris Craft Stinger, twin 454's 330hp each, trs drives. Boat's in decent shape, we put about 4K in the engines in 2011, all new gaskets, hardware, cast aluminum headers, exhaust tips, valve job. Gages are liquid filled about 5 years old. Trailer is aluminum I-Beam, all stainless hardware and disc brakes. The main problem is the gas tank developed a slow leak and needs to be repaired. It's a 150 gallon under the deck tank. Distributors have pertronix electronic ignitions installed.

**Model: 1987 390**  
**Location: Hilton Head Island, SC**  
**Asking Price: \$89,500**

1987 Chris Craft Stinger 42ft. Mercruiser twin 496 engines, Myco trailer, deck awning, head, 3 batteries and fiberglass hull. We purchased the boat as a hull then totally restored it about 10 years ago. About 6 years ago we installed two new 496 magnum merc cruiser engines with currently about 200 miles. We rewired the entire boat about 3 years ago. This season we replaced the manifolds So the boat has been maintained and is in good working order I would characterize the finishes of the boat as "worn around the edges" but as hinges and snaps corrode we replace them The boat has a working head & shower Galley/ microwave/ref/sink TV stereo/cd/sat system/ ipod dock deck compass GPS

**Model: 1988 202**  
**Location: Rochester, NY**  
**Asking Price: \$8,000**

I have a super rare 88' chris craft stinger 202 for sale. It has 165 hours on the hull. This boat is like brand new. I literally just finished it. This is the coolest fiberglass speed boat that Chris Craft ever made and was made for the Miami Vice tv series. They were built in very limited quantities and there are only a handful of these left. There is a website dedicated to them, I know of no other boats that have a cult following. I built this one to be better than it was originally. It is an attention grabber. I get compliments on it wherever I am and have had numerous offers on it even before I restored it. I'm selling it because I'm getting married and need the money. I just put well over \$7500 into it this summer alone and have well over 12K into it total. I had planned on using it but sadly it needs to go. Weddings are insanely expensive and I'm finding out the hard way. I replaced the motor and outdrive. It has an OMC 4.3L v-6 and an OMC cobra outdrive. Next, I gutted the boat completely and installed new marine ply, fiberglass, carpet, custom built seats and engine cover and had everything professionally upholstered. I installed a new GT steering wheel, a Sony marine cd/mp3/satellite radio which sounds awesome, a new bilge pump, new fuel lines, new aluminum swivel/slider/adjustable height seat posts and new Tracker style folding seats. The interior work cost over \$4K alone but was well worth it. It came out awesome. I had a 4bbl. Rochester carb installed which brings the HP up to 205 and will do over 60MPH. I had the pin striping re-done on the boat and matching Shorelandr trailer. I replaced the tires, lights, and started to strip and repaint the entire trailer. It also has a new deep cycle battery. There are 2 swim platforms molded into the stern that have teak foot boards and they were also refinished and look great. I also just purchased a new trailerable cover for it. I even just filled the tank with ethanol free 93 octane fuel. I'm probably forgetting a lot. If you're interested you must include the words eighty-eight chris craft to get a response due to spammers. I know it's the wrong time of the year to sell a boat and I could get more for it this spring which is why I priced it where it is. It is well worth the money. Chris craft builds the very best boats around and this one is better than new.

**Model: 1988 260**  
**Location: Rocky Mount, MO**  
**Asking Price: \$11,500**

This is a 1988 Chris Craft Stinger 260. It has twin 260hp 350 cid small blocks with mercruiser Alpha ones. The boat was painted by Vincent custom paint several years back and has a custom fairing. The boat runs and drives great. It has a great sounding stereo with iPod controls wired and wireless remote and 10" sub. The interior is pretty decent with most of it having been redone the interior cabin needs finished. Comes with a 10,000 lb Fiber steel lift. I have owned this boat since 1997 and used it a lot. It is far from perfect but is in ready to use condition. \$11,500 or may trade for muscle car, UTV, diesel truck.

**Model: 1988 260**  
**Location: Virginia Beach, VA**  
**Asking Price: \$10,500**

88 Chris Craft Stinger with 2- 330hpr 350 V8's We have redone all the exterior upholstery and 90% of the interior. New stereo and VHS Port engine has 50 hrs stbd has 300 hrs Remaining issues Stbd engine has a leaking exhaust manifold that needs to be addressed. I am connecting the stereo and VHS before it sells. I have also been reinforcing the swim deck. This boat is well worth the money and leaves plenty of room to make money on this boat if that is your choice. I have all documentation from new and from the original owner. Worth the time to look and see if it's your ticket to the Prop Stop.

Model: 1986 222  
Location: Hahira, GA  
Asking Price: \$7,000

I have a boat that I need to get rid of. I hardly ever use it and would like someone to enjoy it. I originally bought the boat back in 2005 and purchased just the hull for \$1k. I rebuilt the boat from front to back from bottom to top. The boat was repainted and graphics were painted on. The boat has a 5.7l mercruiser with a Alpha One Gen II outdrive. The motor came with a point distributor and a coil pack, that was taken out 2 months ago and was replaced with a MSD High Marine Distributor along with new wires and plugs with a Holly Marine Carb. Exhaust is 4" with flappers. Gauges or Livorsi (oil, temp, battery, volt, rpm.) Front seat are stand up bolsters with a actuator to move back and forth that come out of a Donzi and was shipped from Kansas. Everything that I have for the boat will be included and also have a few videos on my phone from this summer if interested. If you have any

questions in regards to the boat, feel free to email.

I am selling my 1985 32' Chris Craft Stinger mid cabin open bow project. I picked it up late 2012 out of lake Havasu Arizona from a custom shop just how you see it. the cabin area is still large enough to sleep a few adults. The conversion was completed before the full resto was started. She comfortably totd 19 people! There are not any outdrives nor gimble housings, but a lot of the hard work has been completed. The stringers, floor and transom have been replaced and/or structurally addressed. The windshield was removed and built up as well with fiberglass. There is some glass work to be finished off on the windshield, but the hull is super straight and structurally sound. Knock off the oxidation, and she's ready to be primered and blocked for a wicked paint scheme. The entire interior is new (hand built, and perfectly stitched to the tune of near 7k), however, there are not any captains chairs and the carpeting will need to be replaced. There are (2) BBC 454 cid short blocks (the rings were redone, but they will need to be disassembled and

cleaned before reinstalling), no heads or intake. Only one set of hull thru exhaust, and it's the good stuff. Both the risers and manifolds are made by Gil... Mani's run \$1899, long risers around \$899, even the muffler tips are about \$700 a pair! Comes with a tri-axle aluminum trailer !..New shifter, shifter cables, new wiring harness, new fuel cell, new tires on the trailer, new tilt steering column, huge oil coolers, new gimble housing gaskets..... And Much much more! \$5500 obo Thank you I do not mean to sound like a negative kronie, nor am I a negative person, however, the trailer is worth \$3000- \$3500 by itself, and plus and plus and plus... I realize its major but,...If your a ball kicker... Kick rocks,... But if your really interested give me a buzz... I WILL make a deal, as I already have a boat on the water. This was going to be, and still can be a one of a kind custom, and one of the hottest vessels on water...

Hard times and my newborn daughter are the ONLY reasons why I am parting with my 1988 22' CHRISCRAFT STINGER!! My loss is your gain. MAKE ME AN OFFER!!! This bad boy turns over on first crank every time, everything is original and in good condition, in normal everyday conditions she tops out at about 53 mph. In optimal conditions you could get her up to 60. Pulls a skier or wake boarder right out of the hole every single time. Great family boat, great boat for the buddies, great boat for any situation. If you aren't educated on these classic water crafts, it won't take much research to see what all the hype is about. This machine is like a piece of art. You would never guess this beauty is almost 30 yrs old! Summer is here, sea-fair is just around the corner! Don't miss out on the fun this year or tag along on someone else's boat! Be the captain/entertainer and do it on this awesome craft! Serious inquiries only, we can drop the boat in the water and give it a go but only if you are serious. Please do not waste my time. If you are planning to finance please arrange ahead of time. Gladly give the vin to your bank if needed, and can give some advice on what credit union gives the best rates on boats if you need some help. Clean Washington title in hand. Don't hesitate to make me an offer! No realistic/fair offer will be turned down!

4 sale is a 23 ft 1984 Chris Craft Scorpion Stinger with trailer. Thru Hull Exhaust. It needs motor work before it will run. I ran this boat for the last 4 years with minimal issues, but the motor let go last weekend. The motor is a Mercruiser 5.7. Clean title on boat. This boat can be ran again with engine work or used for parts. Many newer items are installed in this boat. The lower unit is three seasons old, the prop is two seasons old. Bellows and gimbal bearing are four seasons old, boat floor was replaced four years ago, and the exhaust seals were replaced last summer, a new trim pump four years, and a new sun deck was installed. This boat was always stored indoors and winterized. The paint looks good except on the top of the cuddy it is faded from the previous owner. This boat is a real head turner. The boat also comes with the older shoreline trailer shown, depth finder, MTX marine stereo. This is a 1984 so there is some dings and normal fiberglass damage from wear and tear. I dont have money to fix the engine this year, otherwise I would.

1987 Chris Craft 202 Stinger, Hull # CCVBN167J6787, V6 Chevy 160 HP, OMC outdrive, all new gauges and Black Lexan dash, Hull and Floors are Solid could use a good waxing or a coat of paint. Gauges still need a little wiring to complete other than that the boat is seaworthy. This boat has been yard run for the last 4 years, but has not been in the water in about 11 or 12 years Comes with the Trailer. Boat starts first time every time, sounds awesome. I just dont have time to finish it, to many project to little time.

I have a 1985 chris craft stinger 390x but it had the swim platform put on it like the 415 stinger. it would be in useable condition if 2 big block chevys were bolted back up to the off shore mounts. the velvet drives trs gimbals and drives are all there. I have a set of big block exhaust i can throw in for the right price. it has mechanical indicators for the k planes and drives. The aluminum trailer is a tri axle slip on trailer that is for 38 to 42 ft boats. this boat was in the water last year and i just have not had time to work on this boat and my other boat. i will consider selling the trailer or possibly parts. if interested call 419 351 9878 and make an offer i am not going to give it away but do not have time for both my boats.

This is a rare find. This model was only manufactured for two years as an entry level offshore cigarette style racer. A total of 295 of these were ever produced and only 47 are in registry from what I have read. This boat is listed in the Chris Craft registry under its original name "Three's Company". They originally came equipped with a supercharged V-6 but most have been changed to V-8 engines as has this one. It has a Mercruiser 350 Magnum with a high rise edelbrock manifold and edelbrock quadrajet carb. The four inch dual thru hull exhaust has been fitted with high flow silencers. It Has a stainless prop, and was recently serviced including the impeller. The boat is all original including the interior. It has been well maintained along the way and is in very good condition regardless of its age. The trailer is original to the boat and has a plaque stating it was made for the boat. I have

completely rebuilt the trailer from the ground up. The only original part of the trailer is the actual frame. Everything else on it is brand new. This boat will run 65mph. It is fast, loud, and a blast to drive. It handles all waters very well and sticks like glue in turns. I'm selling it because I want something more practical that you can take more than just two people with you. As you see in the pictures, you sit three abreast in the cockpit and there isn't room for much else. It does have a small cuddy under the bow but it isn't very user friendly. This vessel is a go out and tear up some water then put it away kind of boat. It's easily towed by a small SUV since the boat itself only weighs 2600 lbs.
