

Chris Craft Stingers

WWW.CHRIS CRAFT STINGERS.COM Newsletter, November 2011

Welcome to the November, 2011 newsletter!

Welcome to another edition of the chris craft stingers.com newsletter. November is here, and traffic to the site has slowed down. I've talked to many members who are working on winter projects – can't wait to see the finished projects next year!

The Stinger database now has roughly 425 Stingers in it from around the world. This past month, a 1988 Stinger 260 located in France was added to the registry. I'm told there were only 5 Stingers shipped to France, so it's an exciting find.

On the parts page, I've added two new items – two owner's manuals. One of the owner's manuals is from Chris-Craft and one from OMC. I believe these came with a 1988 boat. If interested in either one, you can see pictures of them on the parts page.

As always, if you have any information regarding a Stinger, or are looking for parts or have parts for sale, please feel free to contact me. Have a good November!

Han

Hull Number Analysis Followup

Last month's newsletter included the last in a series of articles that analyzed hull numbers. These articles showed how to determine

Interested in more information about your Stinger? Get the original documentation for **your** boat including original purchase sheet and warranty claims info. View a sample documentation packet on the parts page of the website today.

when and where your Stinger was built, how many Stingers by model and by year were built, and how Chris Craft assigned the numbers.

In addition to providing information about the boats, the articles also raised some questions. Since writing the articles, I've come across more information.

One of the questions the articles brought up was the subject of sharing the hull codes across Chris-Craft models. The hull code is a two letter code which identifies the hull. When I first started doing the analysis, I thought that the hull code determined the model of the

boat. For example, all of the 260 Stingers have a hull code of AF. But, I later found that Chris-Craft actually shared the hull code between models – i.e. Scorpions and Stingers, in some cases, use the same hull code. I've since changed my analysis – I believe the hull code actually identifies the hull design itself (i.e. used the same hull mold), which was shared between different Chris-Craft models. Unfortunately, one is not able to determine the specific boat model from the full hull number itself. This, of course, complicates trying to figure out just how many Stingers were built. In my analysis, I've used both the hull numbers, and tried to correlate them with the numbers I have in the Stinger registry to get an estimate of how many Stingers were built.

Another question that came up was what was the starting number for hull number from 1985 onward. In the hull numbers that I have, there is no hull number that is less than 100 during a year after 1985. As of the time of this writing, there still are no hull numbers less than 100. At this time, I can only conclude that hull numbers were reset to 100 every year after 1985.

I will continue to analyze hull many Stingers were built. From my updates. numbers going forward. My analysis so far, I have a good idea purpose in collecting the hull of how many were built. As I find numbers is to figure out just how more information, I will provide

Stingers for Sale

Below is a list of Stingers that have come up for sale during the previous month. The information for each boat in this section accompanied the owner's original advertisement. If you are interested in one of the boats for sale, and need more information, please contact me at ccstinger@gmail.com.

Model: 1983 390

Location: Gainesville, GA

Asking Price: \$34,900

TOTALLY UPDATED AND WELL MAINTAINED 39 FOOT CHRIS CRAFT STINGER. THIS WAS THE BOAT USED ON THE ORIGINAL MIAMI VICE TV SHOW. IT IS MECHANICALLY WELL MAINTAINED AND HAS HAD NUMEROUS UPGRADES THROUGHOUT THE YEARS. BOTH THE MAIN ENGINES WERE BROUGHT TO A TOP ENGINE BUILDING SHOP IN ATLANTA AND REBUILT AND DYNO TESTED TO 520 HP. ALL THE BEST PARTS WERE USED BUT CAREFUL NOT TO GO TOO FAR ON THE HORSEPOWER SO THAT THE ENGINES WOULD REMAIN VERY STRONG YET VERY RELIABLE. EXHAUST SYSTEM WAS UPGRADED TO STAINLESS STEEL EXHAUST. THE ENGINES ARE SO CLEAN YOU COULD EAT OFF THEM. THE BOAT HAS AN ONAN GENERATOR, AIR CONDITIONING, HEAT, FRESH WATER TANKS, HALON FIRE SYSTEM, BUILT IN WINE COOLER, SEPERATE COMPARTMENT FOR SINK AND TOILET, UPGRADED STEREO, NEW SNAP IN CARPET, NEW BOAT COVER, NEW PAINT SCHEME. COMPARABLE BOAT TODAY WOULD COST OVER \$300,000. FOR ADDITIONAL INFORMATION, PLEASE CALL 678-779-6971.

1988 31 1/2' Chris Craft Stinger Center Console Performance Fisherman 2X Merc 200 HP engines, 1997; engines have less than 500 hours since new; always professionally maintained Stainless props Cuddy cabin with head and 7' V berth huge fish box, large live well white gel coat is absolutely mint, blue stripes have scratches Newer VHF, Brand new CD Stereo w 4 spkrs Brand new fish finder and redundant depth sounder 164 gal. fuel tank Full mooring cockpit cover Upholstered cockpit has some new cushions Anchor, rode, fenders, dock lines Tri axle aluminum Float On trailer with BRAND NEW galvi rims HUGE cockpit affords lots of room for fishing or family Boat is fast and a real head-turner and has always been maintained to the highest standard selling as I am looking at moving up \$20,000 or may trade for a Wellcraft St. Tropez or Trojan 10M

Model: 1988 375
Location: St Petersburg, FL
Asking Price: eBay Auction

Hi what I am listing on here is my 1988 Chris craft stinger 38'. The boat has new interior that was just redone less than three months ago along with both engines that were just rebuilt as well. The motors are 502 mercruisers supercharged. The motors are 575 hp each and by adding the bigger belt on the superchargers adds another fifty to sixty hp to each motor. I have 20k in receipts for the motors that shows everything that was done as well as the interior. It has Brian Warner transmissions with trs outdrives. Has dominator double pumper carbs. Stainless throughhall exhaust pipes. Lots of other new parts as well. The boat just sank at the pier two days ago and was under water for less than 24 hours. We brought the boat back up and sprayed everything down and got all the water and dirt out of it. The motors are still filled with water we haven't drained them yet because we don't plan on keeping it to do the work on it to fix it. Once the water is drained the motors will need to be immediately rinsed inside and out and then soaked in oil to prevent engines from being completely shot. The motors can still be salvaged if done soon. The boat has clear title and no trailer. If you are interested or have any questions please e-mail me or call me at ...727-397-5854 or 315-542-7851. Serious inquiries only please. Thank you.

Model: 1986? 390
Location: Wilmington, NC
Asking Price: \$55,000

Up for sale is a very nice freshwater 40' Stinger. It was a great lakes boat. Has new twin 500 hp mercruiser big blocks, new TRS drives, Borg Warner velvet drive trans, and new hydromotive 4 blade props. All new custom Imron paint, all new upholstery (ready to be installed), the interior needs to be carpeted and the new seats and upholstery installed. The drive trains are ready to go. Other minor things need to be finished before carpet like interior lighting, stereo, and what ever else you would want to install down below. Comes with new trailer. This boat has been in my garage for the last 10 yrs. I have started the engines 3 times a year and let them run for a little while and fogged them. All the hard work is done!-(the exterior and drivetrain). And I have been picking at the interior little by little but my life has changed. Now I have 2 kids and a wife that take up all my time. We have a Formula 272SR1 that we use regularly. I hate to sell this boat but I just can't see my self finishing it. Everything is there to finish it, just needs a couple of months invested which I don't have, it is 90% done. It would make somebody a very nice boat and a nice winter project. I will consider some trades like vehicles, heavy equipment (skid steers, backhoes), clean pontoon or center console boats, email me for more info or pics

1987 31 Chris Stinger...needs carpet/upholstory 2-200 hp Yamahas new lower units on outboards and props rebuilt.. add some goodies and have a great boat...very few built like this...good economy versus I/O's.. runs about 55-60mph. very low use...mostly sitting for the last 15 years...you'll need to clean out carburetors and spruce up interior. boat and trailer..

Model: 1988 260
Location: Wilmington, DE
Asking Price: 6,995

I have a 1988 Chris Craft Stinger 260 with twin 350 mercruisers in turnkey condition. Very dependable and economical boat to run. Overall the boat is in good condition, mechanically sound just needs some cosmetics. Boat has a great ride and a cuddy big enough for two or three. Most of the interior is new the tops of the bolsters show signs of age, it has your normal scratches and nicks that goes with a 24 yr old boat. Trailer is a 1999 Myco trailer which could use a little TLC, but functional. Boat was used last weekend this year. Boating season is in full swing. Make an offer, need to sell asap. Call 856-297-1212 or 856-332-6535 with any questions, need more pixs, or want to see the boat.

Model: 1985 314
Location: Tampa, FL
Asking Price: \$19,500

Don Johnson was driving a Chris Craft Stinger in the opening episode of Miami Vice! This is a 1985 Chris Craft Stinger complete with spoiler, 31 feet long. All cabin up in front with two single beds and a small V-Berth in the very front. Fans and lights in the cabin as well as two opening hatches. The hatches do need some hardware. There is also a stereo system and a toilet with both holding tank and overboard discharge. The lounge area in the rear is a huge U-shaped settee and the colors are MardiGras! Full instrumentation on the dash. Two Bimini tops, I only use one but if you put the other one up you have total shade front to rear and complete clear vinyl enclosure to surround the entire passenger area. I also have a full, front to rear Dodger to cover the boat while at dock or while on the trailer. Twin 1995 Mercury EFI's, 225HP each, SS CR props, 300 gallon fuel tank (new 2 years ago), two batteries, two bilge pumps and storage galore. The engines only have a total of a little over 300 hours on them since new. Engines are hanging on a bracket with boarding ladder. Huge triple axle trailer, aluminum I-beam, with new wiring, lights and bunks recovered the beginning of this boating season. At the same time the brakes were completely replaced - new hubs, new bearings, new calipers, new rotors, new brake lines and a new master cylinder up at the surge housing. All trailer work (lights, wiring, bunks, brakes) performed by Load Master Trailer over on Falkenburg Road in east Tampa. One month ago I replaced all six tires, all are Brand New! The trailer does have aluminum (mag) wheels. I also replaced the strap on the winch. My last trip to Ft. DeSoto the boat was inspected by the Coast Guard and given a Safety Sticker for being well equipped with all required items and most suggested items (I guess I really should get a First Aid kit!). Great boat, runs strong, hard to find this class boat at this price. Have the thing vinyl wrapped with your personal logo or done up in your colors and have the hottest boat in the area for this price! Lyle 813-334-9455
