

## CHRIS-CRAFT STINGERS

### Welcome to the August, 2013 Newsletter!

Welcome to the August, 2013 edition of the [chriscraftstingers.com](http://chriscraftstingers.com) newsletter.

If you emailed me from July 13 – 28<sup>th</sup>, you would have gotten a reply that I was unavailable. During that time I was hiking 64+ miles with my two sons at Philmont Scout Ranch in Cimmaron, NM – definitely a challenge! I've returned and have caught up with email and updates to the website.

The number of boats in the registry has now officially eclipsed 600 – there are 605 Stingers in the registry. I continue to look for more Stingers, and look forward to passing the 700 mark in the future.

Until next month,  
Han

### The Last Stingers

Over the course of the past four years, I've been collecting hull numbers for Stingers in order to determine just how many Stingers by model and year Chris-Craft built. Not only can the numbers tell the history of a particular boat, but by analyzing the numbers, one can tell a little more about Chris-Craft itself.

In looking through the numbers, I started thinking about when the last Stingers were built by Chris-Craft. By 1988 Murray Chris-Craft had filed for bankruptcy, and by 1989 OMC had bought it. While production of Chris-Crafts boats continued into the 1990s, the production of Stingers was discontinued sometime in the late 1980s.

From my analysis of the hull numbers that I have, I have determined that the last Stinger built was a 313 in October of 1988. The 313 was a variant of the open-bow 311. The Stinger 313s were first listed in the brochures in 1988 however hull numbers indicate they were being built in 1987.

Another question I wanted answered was when was the last Stinger built per model. Again, from the hull numbers, I have the following:

- 202: July, 1987
- 222: May, 1987
- 230: January, 1984
- 260: June, 1988
- 311: February, 1988
- 312: March, 1988
- 313: October, 1988
- 314: March, 1987
- 334: July, 1988
- 375: June, 1988

385: July, 1988

390: October, 1986

415: May, 1988

While the last Stingers were built in 1988, their hull numbers indicate that they were designated model year 1989 boats.

I don't know why OMC decided to stop production of the Stingers – I can only assume they were not profitable boats. In 1986/1987 Chris-Craft switched to a more rounded, "European" styling on their newer Stingers such as the 375, 385 and 415s – so they had a long term plan. But with the bankruptcy of Chris-Craft, the Stinger model line was no more.

### Followup: Stinger 222 Raffle

In the February, 2013 newsletter, I reported about a Stinger 222 being raffled off to support the Patfinders for Autism charity ([pathfindersforautism.org](http://pathfindersforautism.org)). At the time of the article, details regarding the raffle were not yet finalized. Well, I'm happy to say that the details have been finalized. Tickets will be \$50 each and only 5000 will be sold between 6/27/2013 and 1/26/2014. For details, and to purchase tickets, please see: <http://mmbboats.com/used-boats/boat/s/>.

We rewired the entire boat about 3 years ago. This season we replaced the manifolds So the boat has been maintained and is in good working order I would characterize the finishes of the boat as "worn around the edges" but as hinges and snaps corrode we replace them The boat has a working head & shower Galley/ microwave/ref/sink TV stereo/cd/sat system/ ipod dock deck compass GPS

**Model:** 1988 202  
**Location:** Rochester, NY  
**Asking Price:** \$8,000

I have a super rare 88' chris craft stinger 202 for sale. It has 165 hours on the hull. This boat is like brand new. I literally just finished it. This is the coolest fiberglass speed boat that Chris Craft ever made and was made for the Miami Vice tv series. They were built in very limited quantities and there are only a handful of these left. There is a website dedicated to them, I know of no other boats that have a cult following. I built this one to be better than it was originally. It is an attention grabber. I get compliments on it wherever I am and have had numerous offers on it even before I restored it. I'm selling it because I'm getting married and need the money. I just put well over \$7500 into it this summer alone and have well over 12K into it total. I had planned on using it but sadly it needs to go. Weddings are insanely expensive and I'm finding out the hard way. I replaced the motor and outdrive. It has an OMC 4.3L v-6 and an OMC cobra outdrive. Next, I gutted the boat completely and installed new marine ply, fiberglass, carpet, custom built seats and engine cover and had everything professionally upholstered. I installed a new GT steering wheel, a Sony marine cd/mp3/satellite radio which sounds awesome, a new bilge pump, new fuel lines, new aluminum swivel/slider/adjustable height seat posts and new Tracker style folding seats. The interior work cost over \$4K alone but was well worth it. It came out awesome. I had a 4bbl. Rochester carb installed which brings the HP up to 205 and will do over 60MPH. I had the pin striping re-done on the boat and matching Shorelandr trailer. I replaced the tires, lights, and started to strip and repaint the entire trailer. It also has a new deep cycle battery. There are 2 swim platforms molded into the stern that have teak foot boards and they were also refinished and look great. I also just purchased a new trailerable cover for it. I even just filled the tank with ethanol free 93 octane fuel. I'm probably forgetting a lot. If you're interested you must include the words eighty-eight chris craft to get a response due to spammers. I know it's the wrong time of the year to sell a boat and I could get more for it this spring which is why I priced it where it is. It is well worth the money. Chris craft builds the very best boats around and this one is better than new.
