

CHRIS-CRAFT STINGERS

Welcome to the January, 2014 Newsletter!

Welcome to the first newsletter of 2014! As I write this, it's -11° here in the Chicago area – seems like a long time until the warm boating season! But this is about the time activity starts to pick up on the website as buyers start looking for boats for the upcoming season – I look forward to that as well to finding any Stinger not already documented on the website.

Speaking of documented Stingers, there are now 652 Stingers in the registry. Eleven new Stingers were added since the last newsletter. The new boats added include a couple of 202s, some 222s, some 260s, a 312, a Fittipaldi and a very clean example of a 314 called “The Bandit”. You can view these boats on the gallery page which includes a section showing the latest boats updated on the site.

Until next month,
Han

Who Built Your Stinger?

The Chris-Craft boat company of the 1980s was actually purchased from the Chris-Craft Industries company in 1981. But the Chris-Craft Industries story starts around 1960.

In 1960, the original owners, Chris Smith's descendants, agreed to sell the company to National Automotive Fibers, Inc. Within 3 years of the purchase, National Automotive Fibers, Inc changed its name to Chris-Craft Industries. Over the next 20 years, Chris-Craft Industries company would merge with, or purchase other companies, until by

1981 the boat building division was no longer its main revenue producer.

Throughout the 1970s, the personal boating industry suffered setbacks including high fuel prices, high interest rates, and a lackluster economy. For Chris-Craft Industries, the boat building business provided inconsistent revenues and was a drain on cash. By the late 1970s, Chris-Craft Industries decided to sell the boating division.

In 1981, a group of investors including Dick Genth and Dale G Murray bought the boating division, and the rights to use the Chris-Craft name, for \$5M from Chris-Craft Industries. Chris-Craft Industries wrote off \$21M in discontinuing the boating division.

Murray and Genth created a new parent company called Murray Industries. Murray Industries bought two operating divisions from Chris-Craft Industries: Cruisers and Sportboats. Cruisers operated the cruiser manufacturing plant in Holland, MI. Sportboats operated the manufacturing plant for sportboats and fishing boats in Bradenton, FL. Once Murray Industries acquired the two divisions they were renamed Murray Chris-Craft Cruisers, Inc and Murray Chris-Craft Sportboats, Inc. Both divisions continued separate manufacturing operations.

In late 1981, in order to expand into the lower-cost boat market, Murray Industries bought the Viking Boat Company in Goshen, IN from Coachman Industries. The company was renamed Murray Chris-Craft Sportdecks.

In 1984, Murray Industries then bought two operating facilities from

Uniflite – one in Bellingham, WA and the other in Swansboro, NC. The Washington facility was renamed Murray Chris-Craft Sportboats West – it produced yachts, cruisers and sportboats. The North Carolina facility was renamed Murray Chris-Craft Hi-Performance Boats – it produced catamarans (Chris-Craft Cat) and AquaHomes amongst other boats.

By 1988, Murray Industries had filed for bankruptcy protection. In its filings, 15 subsidiary corporations were listed including the ones mentioned above. Some of the corporations were involved in sales, other in transportation of boats, etc. But 8 subsidiary corporations built boats.

So, the question is, which company built which Stingers? From the hull numbers in the registry, the Stingers were built in 4 locations: Bradenton, FL, Holland, MI, Goshen IN, and Bellingham, WA. Based on the locations, the Stingers were built by the following companies: Murray Chris-Craft Sportboats, Murray Chris-Craft Cruisers, Murray Chris-Craft Sportdecks, or Murray Chris-Craft Sportboats West. By model, here's which company built it:

- 202 : Murray Chris-Craft Sportdecks
- 222 : Murray Chris-Craft Sportboats or Murray Chris-Craft Sportdecks
- 230 : Murray Chris-Craft Sportboats
- 260 : Murray Chris-Craft Sportboats
- 311 : Murray Chris-Craft Sportboats
- 312 : Murray Chris-Craft Sportboats
- 313 : Murray Chris-Craft Sportboats
- 314 : Murray Chris-Craft Sportboats
- 334 : Murray Chris-Craft Cruisers

375 : Murray Chris-Craft Sportboats
or Murray Chris-Craft Sportboats
West

385 : Murray Chris-Craft Sportboats
West

390 : Murray Chris-Craft Sportboats

415 : Murray Chris-Craft Sportboats
or Murray Chris-Craft Sportboats.

The majority of Stingers were built by
Chris-Craft Sportboats, in Bradenton,

FL. However, for me, the most
interesting fact is that the 334s,
some of the last and most modern of
the Stingers, were built at
Chris-Craft's oldest plant in Holland,
MI.

In the end, at the bankruptcy
protection hearing, Murray Industries
and all of its subsidiaries listed
\$72,277,989 in assets and
\$79,981,892 in liabilities. And the
subsidiary with the largest net

liabilities? - Murray Chris-Craft
Sportboats with \$9,891,000 in assets
and \$16,452,000 in liabilities.

1987 Chris Craft Stinger 42ft. Mercruiser twin 496 engines, Myco trailer, deck awning, head, 3 batteries and fiberglass hull. We purchased the boat as a hull then totally restored it about 10 years ago. About 6 years ago we installed two new 496 magnum merc cruiser engines with currently about 200 miles. We rewired the entire boat about 3 years ago. This season we replaced the manifolds So the boat has been maintained and is in good working order I would characterize the finishes of the boat as "worn around the edges" but as hinges and snaps corrode we replace them The boat has a working head & shower Galley/ microwave/ref/sink TV stereo/cd/sat system/ ipod dock deck compass GPS

Model: 1988 202
Location: Rochester, NY
Asking Price: \$8,000

I have a super rare 88' chris craft stinger 202 for sale. It has 165 hours on the hull. This boat is like brand new. I literally just finished it. This is the coolest fiberglass speed boat that Chris Craft ever made and was made for the Miami Vice tv series. They were built in very limited quantities and there are only a handful of these left. There is a website dedicated to them, I know of no other boats that have a cult following. I built this one to be better than it was originally. It is an attention grabber. I get compliments on it wherever I am and have had numerous offers on it even before I restored it. I'm selling it because I'm getting married and need the money. I just put well over \$7500 into it this summer alone and have well over 12K into it total. I had planned on using it but sadly it needs to go. Weddings are insanely expensive and I'm finding out the hard way. I replaced the motor and outdrive. It has an OMC 4.3L v-6 and an OMC cobra outdrive. Next, I gutted the boat completely and installed new marine ply, fiberglass, carpet, custom built seats and engine cover and had everything professionally upholstered. I installed a new GT steering wheel, a Sony marine cd/mp3/satellite radio which sounds awesome, a new bilge pump, new fuel lines, new aluminum swivel/slider/adjustable height seat posts and new Tracker style folding seats. The interior work cost over \$4K alone but was well worth it. It came out awesome. I had a 4bbl. Rochester carb installed which brings the HP up to 205 and will do over 60MPH. I had the pin striping re-done on the boat and matching Shorelandr trailer. I replaced the tires, lights, and started to strip and repaint the entire trailer. It also has a new deep cycle battery. There are 2 swim platforms molded into the stern that have teak foot boards and they were also refinished and look great. I also just purchased a new trailerable cover for it. I even just filled the tank with ethanol free 93 octane fuel. I'm probably forgetting a lot. If you're interested you must include the words eighty-eight chris craft to get a response due to spammers. I know it's the wrong time of the year to sell a boat and I could get more for it this spring which is why I priced it where it is. It is well worth the money. Chris craft builds the very best boats around and this one is better than new.

The interior is pretty decent with most of it having been redone the interior cabin needs finished. Comes with a 10,000 lb Fiber steel lift. I have owned this boat since 1997 and used it a lot. It is far from perfect but is in ready to use condition. \$11,500 or may trade for muscle car, UTV, diesel truck.
