

CHRIS-CRAFT STINGERS

Welcome to the July, 2013 Newsletter!

Welcome to the July, 2013 edition of the chriscraftstingers.com newsletter.

The activity on the website continues to increase. It's about this time of the year the the number of people inquiring about Stingers for sale peaks. The boats that were listed on my site and have been sold are marked "SOLD" in the listings section below. If you are listing your boat for sale, please consider listing it on www.chriscraftstingers.com - it's free, listings don't expire until you want them to expire, and I can host as many pictures of your boat as you'd like.

The registry now has 597 Stingers in it - getting close to 600! That's a lot of boats to keep track of, and I do my best to remember each boat on the registry. Whether due to bad memory, or the fact that changes in a boats appearance make them hard to identify, I know there are probably some duplicates in the registry. If you happen to see a boat I've listed twice in the registry, please feel free to let me know. My goal is to have as accurate a registry as possible.

Until next month,
Han

Roamer Boatworks Stingers?

Some days, I feel I know a good bit about the history of the Stingers. Then some news comes along that surprises me - and I realize I have a lot to learn. This past month, I received just such a bit of news.

As you can imagine, I receive a lot of email - some of which come from owners asking me about the history of their boat. A couple of weeks ago, I received an email from a gentleman in Canada - he was having a hard time finding particulars about a boat he just bought. He provided me with the hull number - that's when things got interesting.

Readers of this newsletter will know that a hull number can provide a lot of information about a boat. Information such as when and where it was built. The gentleman who contacted me provided me with his hull number. It identified the boat as being built in 1990 by Roamer Boatworks in Penetanguishene, ON, Canada. The picture of the boat, however, showed that it had Chris-Craft emblems on it and that it was a Scorpion.

So what did we have here?

Chris-Craft sold boats worldwide. They also licensed their designs to other manufacturers to build their boats. In the 1980s, Chris-Craft had a deal with a Canadian company called Grew to manufacture Stingers. Grew had a manufacturing plant in Penetanguishene as well. I suspected that Grew might have something to do with Roamer Boatworks - so I did some research.

My research led me to an April 1992 article in the Toronto Star titled "Group Resurrects Grew Boat Maker". The article gave a brief history of Grew and said that it went out of business in 1988 when the bottom fell out of the boating market (Chris-Craft was itself having issues as well at this time). The article went on to detail how Grew was resurrected in 1989 by two former executives under the company name Roamer Boatworks Inc.

So now I had the information that would tie everything together. Grew was licensed to build boats, including Stingers, from Chris-Craft, sometime in the mid 1980s. In 1988 Grew went out of business and was resurrected in 1989 under Roamer Boatworks. Roamer must have acquired the Chris-Craft moulds when they resurrected Grew, and produced boats from them.

While this research solves the issue of who made the boat, it also opened up more questions. For example, the boat in question seems to be a Scorpion 230 (same as the 1984 Stinger 230XL). If so, this boat was discontinued by Chris-Craft in the mid 1980s - so what was Roamer doing building these boats in 1990? The hull number indicates that this was the 14th hull built of this style by Roamer - how many were built? The boat is different than Chris-Craft's 230s in subtle ways - such as the lack of portholes - why? Did Roamer also acquire and produce Stingers from Grew's moulds? And the most important question of all - how long were the moulds around for?

In the end, I feel I've learned a little

more about the history of the October, 2011 and the September, built by Grew – search for “built by Stingers. If you'd like more 2012 newsletters (they are on the Grew” on the galleries page. information on Grew and their history website). Also, I've marked the with Chris-Craft, check out the Stingers on the website that were

Model: 1987 390
Location: Hilton Head Island, SC
Asking Price: \$89,500

1987 Chris Craft Stinger 42ft. Mercruiser twin 496 engines, Myco trailer, deck awning, head, 3 batteries and fiberglass hull. We purchased the boat as a hull then totally restored it about 10 years ago. About 6 years ago we installed two new 496 magnum merc cruiser engines with currently about 200 miles. We rewired the entire boat about 3 years ago. This season we replaced the manifolds So the boat has been maintained and is in good working order I would characterize the finishes of the boat as "worn around the edges" but as hinges and snaps corrode we replace them The boat has a working head & shower Galley/ microwave/ref/sink TV stereo/cd/sat system/ ipod dock deck compass GPS

Model: 1988 202
Location: Rochester, NY
Asking Price: \$8,000

I have a super rare 88' chris craft stinger 202 for sale. It has 165 hours on the hull. This boat is like brand new. I literally just finished it. This is the coolest fiberglass speed boat that Chris Craft ever made and was made for the Miami Vice tv series. They were built in very limited quantities and there are only a handful of these left. There is a website dedicated to them, I know of no other boats that have a cult following. I built this one to be better than it was originally. It is an attention grabber. I get compliments on it wherever I am and have had numerous offers on it even before I restored it. I'm selling it because I'm getting married and need the money. I just put well over \$7500 into it this summer alone and have well over 12K into it total. I had planned on using it but sadly it needs to go. Weddings are insanely expensive and I'm finding out the hard way. I replaced the motor and outdrive. It has an OMC 4.3L v-6 and an OMC cobra outdrive. Next, I gutted the boat completely and installed new marine ply, fiberglass, carpet, custom built seats and engine cover and had everything professionally upholstered. I installed a new GT steering wheel, a Sony marine cd/mp3/satellite radio which sounds awesome, a new bilge pump, new fuel lines, new aluminum swivel/slider/adjustable height seat posts and new Tracker style folding seats. The interior work cost over \$4K alone but was well worth it. It came out awesome. I had a 4bbl. Rochester carb installed which brings the HP up to 205 and will do over 60MPH. I had the pin striping re-done on the boat and matching Shorelandr trailer. I replaced the tires, lights, and started to strip and repaint the entire trailer. It also has a new deep cycle battery. There are 2 swim platforms molded into the stern that have teak foot boards and they were also refinished and look great. I also just purchased a new trailerable cover for it. I even just filled the tank with ethanol free 93 octane fuel. I'm probably forgetting a lot. If you're interested you must include the words eighty-eight chris craft to get a response due to spammers. I know it's the wrong time of the year to sell a boat and I could get more for it this spring which is why I priced it where it is. It is well worth the money. Chris craft builds the very best boats around and this one is better than new.

Model: 1988 260
Location: Covington, LA
Asking Price: \$10,500

88 Chris Craft Stinger with 2- 330hpr 350 V8's We have redone all the exterior upholstery and 90% of the interior. New stereo and VHS Port engine has 50 hrs stbd has 300 hrs Remaining issues Stbd engine has a leaking exhaust manifold that needs to be addressed. I am connecting the stereo and VHS before it sells. I have also been reinforcing the swim deck. This boat is well worth the money and leaves plenty of room to make money on this boat if that is your choice. I have all documentation from new and from the original owner. Worth the time to look and see if it's your ticket to the Prop Stop.

Asking Price: \$4,000

Chris Craft Stinger on custom Cradle Ride roller trailer for sale. Boat has no engines and drives. They were moved into a newer hull my father had purchased. The boat does have top as seen in the photos and the interior was redone four years ago. The trim tabs and mercruiser gimbals are still on the boat and will be included in the sale. The wiring is all in place and the boat just requires your batteries, engines, and drives to be running again. This is an estate sale so all offers will be considered. What you see in the photos is what you get. The boat is currently located in Pembroke, Ontario.
