

November, 2018 Newsletter

Welcome to the November newsletter.

November is here, bringing shorter days, and boats put away for the winter.

Last month, October, is always a slow month for the website, and that's reflected in the fact that no new Stingers were added to the registry. The total number of Stingers in the registry remains 905.

If you haven't been to the parts page on the website for a while, please head on over and check it out. I've added some new items, including a Stinger 260 emblem to the list.

Until next month,
Han

Winnebago Discusses Chris- Craft Acquisition

In June, Winnebago bought Chris-Craft from Stellican Ltd. One of the benefits of the acquisition, to those interested in Chris-Craft, is that as a public company, Winnebago must report its financial results on a quarterly basis. As a private company, Chris-Craft's previous owner, Stellican Ltd, had no such requirement, making it hard to get any information on Chris-Craft.

In addition to publicly announcing financial results, Winnebago held an earnings call on October 17th to discuss its latest quarterly results with investors. This earnings call is the first call after the Chris-Craft acquisition, and as such provides some interesting information.

The Chris-Craft acquisition represents the first time Winnebago has entered the marine market. On the earnings call, Chris-Craft emphasized that they plan on traveling "the learning curve expeditiously in the marine segment". They also made it clear that they plan on growing the Chris-Craft boat business.

Winnebago has not stated how much it paid for Chris-Craft, but on the earnings call it did mention it has spent "\$2.8M which included \$1.5M related to amortization expenses of definite-lived intangible assets acquired and transaction costs of \$1.3M". Definite-lived intangible assets can include significant contracts (customer contracts), under market rate leases, tradenames, other IP such as trade secrets or patented technology.

On the call, Michael Happe, President and CEO of Winnebago, had this to say about Chris-Craft:

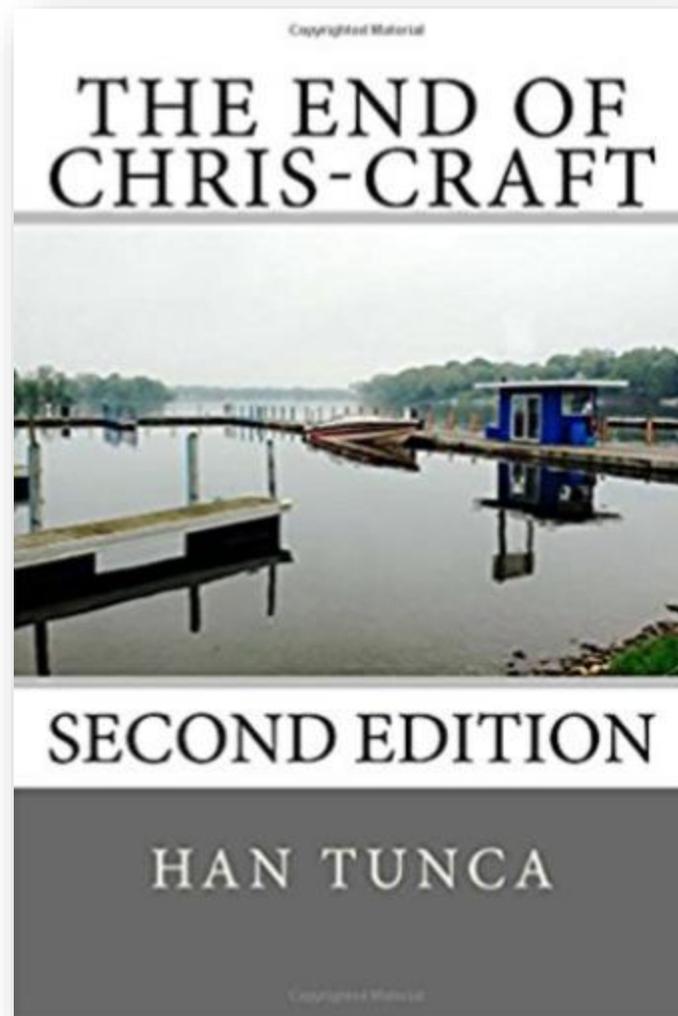

It's a big brand and a small business, but one that we think we can grow materially. We bought the business because we think we can grow it significantly, while being very careful and respectful to the iconic brand that it is. But it is also a strategic play into a new industry segment, marine. And as we learn about the marine segment, as we obviously continue to work with the new talent we have in the Marine segment, it allows us to consider other opportunities, both within Chris-Craft, but also, potentially, inorganically in the future.

Later in the call, Happe goes on to say that Chris-Craft is "capacity-constrained" - or, in other words, Chris-Craft can't meet demand for its boats as its production facilities are 100% utilized.

Probably the most interesting information from the call was Happe's take on where Chris-Craft is positioned in the boating industry. Happe feels that Chris-Craft is positioned in the premium to super-premium market. He then went on to say that Chris-Craft customers "are extremely affluent. And so, even in very difficult times, some of [them] have the ability, and often, pay in cash to the dealers, to continue buying these beautiful boats."

Unfortunately, on the call, Bryan Hughes, CFO of Winnebago, mentioned that financial results for Chris-Craft would not be broken out independently on a quarterly basis, making it hard to determine just how many Chris-Craft boats are being sold. Even without the sales numbers, the fact that Winnebago has to report quarterly results should provide those interested in Chris-Craft more information on what Chris-Craft is doing.

Going forward, I'm excited to see what Winnebago does with Chris-Craft.

Stingers for Sale

Below is a list of Stingers that have come up for sale during the previous month. The information for each boat in this section accompanied the owner's original advertisement. If you are interested in one of the boats please contact me at ccstinger@gmail.com.

Model: 1982 260
Location: Waukegan, IL
Asking Price: \$21,000

For Sale: DIXIE NORMOUS 1982 Chris Craft 260 Stinger Built in 1982 in Bradenton, Florida I purchased this Boat in June 2009. This boat had a scratch and/or a ding here and there yet ran and drove quite well. I'm in my mid 70's and have been a boat person all my life, and I might add that I operated a full service boat company for several years. I'm quite capable of handling any mechanical, wood or fiberglass challenges. I'm retired and I have time on my hands, so I applied myself and brought this boat up to my standards. I also have many friends in the boat business so there's very little I or they can't handle. This boat has twin 260HP, 350cu/in engines with Alpha One outdrives. It has a Teak swim platform as wells a 3 blade stainless props. I repaired the dings and scratches on the hull, prepped then painted the hull. I used the original colors for the base cote then clear coated it. Over the years I made several changes (they're listed below) because I had the ability, time and finances. I've always used Mobil 1 15/50 in the engines along with Merc oil filters. All the parts and upgrades I have used on this boat were from Mercrusier. At present the exterior of this boat is as new as are all the cushions and seats. I never got to the cabin which could use some updating. Upgrades and Enhancements that I have done to this boat. Paint entire exterior using original colors. 2010 Recovered and replaced the foam in all cushions and seats 2010 Installed remote oil filter up grade (for easy access.) 2010 Installed new exhaust manifolds & risers (center type risers.) 2011 Installed through the transom exhaust system (using 4" polished stainless) 2011 Complete ignition upgrade to Thunderbolt IV 2011 All new shift and throttle cables 2012 New Quicksilver controls 2012 Install onboard marine battery charger 2013 Install new trim and tilt sensors 2013 Complete Drive service on both drives 2014 Rebuild both Carbs. 2014 Installed new pedestals on front seats Added batteries (boat now has 4 batteries.) Installed battery quick disconnect switches Installed crossover switches for emergency starting

Model: 1984 312
Location: Round Mountain, TX
Asking Price: \$10,000

If you are looking at this Stinger, you probably remember the original Miami Vice Stinger 390. Back when go fast boats had beautiful lines and didn't look like a pointed watermelon. This 1984 Chris Craft Stinger 312 is an ALL original un molested boat with the original 330 Mercruiser 454's with original air cleaners and snorkels!! All of the upholstery is original, cabin upholstery is good, cockpit upholstery was showing some wear and squirrels tore it up in a few spots as well, but it is the original upholstery. The squirrel damage could be repaired and you could get a little more use out of it, but it does have some wear and sun damage, It is 34 years old!. Gel coat and graphics could use a good polish, but are in good shape and original. The bottom has never been painted. I traded a Stinger 260 and a gob of cash for this boat in 1995 from a gentleman in Oklahoma, I loved this boat and used it for several years on Lake Travis in Central Texas, I then sold it to a good friend of mine who lived on the lake and never used the boat. He kept it inside and started the motors regularly but never put it in the water. The motors were last started about 4 years ago and fogged when shut off. I have had it back for a couple years now and have not done anything with it, so although it is a beautiful ornament in my shop, it really needs to be enjoyed by someone. I believe the motors have around 700 hours. It has the bullet proof TRS drives that were just fully serviced less than 10 hours ago, although it was 20 years ago. New \$1800 stereo, 20 years ago, (in the factory location with speakers in the factory locations), When last used, 20 years ago, everything worked perfectly. It is sitting on an aluminum trailer that could use some love, but will get it where it needs to go with 3- 3500lb axles and 15" tires. It will have decent used tires that should get you where you are going and functional lights. The boat is on a Texas title in my name, the trailer will come with a bill of sale. This is very likely the only 100% original 312 Stinger in existence! I think with a general service it would be lake ready. The starting bid is the bottom dollar so don't even bother with lowball offers. I love this boat and am not excited about selling it but I haven't used it in 2 years and probably won't in the next 2 years and it takes up a lot of shop space and I don't have heart to put it outside.

Model: 1984 390
Location: Glenwood, IL
Asking Price: \$58,000

1984 Chris Craft Stinger 390x. original 440 hp cyclone motors rebuilt as roller motors, B&W trans w/ TRS drives, mirage props 367 hr on hull & 60 hrs on rebuilt motors, Stainless Marine Exhaust, Survey done in 2016. Includes a triple axle trailer, excellent paint & interior.

Model: 1984 390
Location: San Antonio, TX
Asking Price: \$49,500

Likely, the finest original 1984 Stinger 390X in existence, particularly in the rare factory beige/brown/yellow/orange color scheme. Continues to have original hardware, colors, graphics, stereo, refrigerator, gauges, outdrives, engines, and MYCO trailer. Engines rebuilt Fall 2014, only 20 hours operation since. Trailer improved with disc brakes (were drum), new springs, master cylinder hitch assembly, tongue jack, line lock for backing, chains and more. Cabin now has Teak floor and brushed stainless fridge door. Cockpit updated with amplifier, Rockford-Fosgate speakers, stainless counter/sink top, Teak floor and trim, new upholstery, new gauge bezels and powder coated surrounds and more. Engines extremely well cared for and start/run well. Outdrives received new bellows and carrier bearings Fall 2014 as well. Fresh cockpit, deck and bottom Awlgrip Awlcraft 2000 paint with professionally applied silicone anti-skid finish. Most of this boat's life was in Portland, Oregon in fresh waters of the Columbia River. Always high-and-dry or trailered. Currently in Southern California. This boat is a joy to own/operate, and particularly rewarding when answering to compliments, questions and admiration wherever you take it! Mionli Vice is truly an important part of American boating history that is gaining value and more notoriety every day. It can be yours!

Model: 1986 390
Location: Tulsa, OK
Asking Price: \$4,800

1986 Chris 39' Stinger. Original was twin big block Chevys with Mercury outdrives. Engines removed years ago to re-power, but project was abandoned, sat under a cover on Long Island for several years. Was a salt boat, now in Oklahoma near lots of water, and it needs a new loving owner to restore and bring back to life. Long and sleek cigarette boat, with its own character! I trade, but not for junk. NO TRAILER, I might help with re location, in reason.

Running 175 Mercruiser inboard with fully functional Alpha outdrive and five blade stainless prop. Gauges, trim and gear box all work. Finish needs revitalization but hull, including transom, are solid. The interior has been removed. It will need one 42"l rear stringer replaced, a new 36"w x 72"l floor panel and interior accommodations as you desire. Dual axel trailer included. Chris Craft Stinger Newsletter states there were only 189 of these models produced and estimates less than 50 survive. Estimated value after restoration is \$6500-8500 depending on fit and finish. Bill of sale provided in exchange for cash only. Additional photos available. Thanks for looking!

Model: 1988 202
Location: Rochester, NY
Asking Price: \$8,000

I have a super rare 88' chris craft stinger 202 for sale. It has 165 hours on the hull. This boat is like brand new. I literally just finished it. This is the coolest fiberglass speedboat that Chris Craft ever made and was made for the Miami Vice tv series. They were built in very limited quantities and there are only a handful of these left. There is a website dedicated to them, I know of no other boats that have a cult following. I built this one to be better than it was originally. It is an attention grabber. I get compliments on it wherever I am and have had numerous offers on it even before I restored it. I'm selling it because I'm getting married and need the money. I just put well over \$7500 into it this summer alone and have well over 12K into it total. I had planned to use it but sadly, it needs to go. Weddings are insanely expensive and I'm finding out the hard way. I replaced the motor and outdrive. It has an OMC 4.3L v-6 and an OMC cobra outdrive. Next, I gutted the boat completely and installed new marine ply, fiberglass, carpet, custom-built seats and engine cover and had everything professionally upholstered. I installed a new GT steering wheel, a Sony marine cd/mp3/satellite radio, which sounds awesome, a new bilge pump, new fuel lines, new aluminum swivel/slider/adjustable height seat posts and new Tracker style folding seats. The interior work cost over \$4K alone but was well worth it. It came out awesome. I had a 4bbl. Rochester carb installed which brings the HP up to 205 and will do over 60MPH. I had the pin striping re-done on the boat and matching Shorelander trailer. I replaced the tires, lights, and started to strip and repaint the entire trailer. It also has a new deep cycle battery. There are 2 swim platforms molded into the stern that have teak footboards and they were also refinished and look great. I also just purchased a new trailerable cover for it. I even just filled the tank with ethanol free 93-octane fuel. I'm probably forgetting a lot. If you're interested you must include the words eighty-eight chris craft to get a response due to spammers. I know it's the wrong time of the year to sell a boat and I could get more for it this spring which is why I priced it where it is. It is well worth the money. Chris craft builds the very best boats around and this one is better than new.

Model: 1988 260
Location: Kingston, NY
Asking Price: \$4,500

Boat Hull is pretty clean, Imron paint two years prior to me buying her in 2013 (per previous owner), set up for SBC twins and alpha drives, off- color repaint spot, stbd side above rub rail. DOES NOT INCLUDE ENGINES, but includes drives, bennet tabs, all cables, rigging and harnesses in place. Has drop down bolsters with adjustable headrests, but the upholstery is SHOT. the top edges are all split from sun and exposure (prior to me owning it), no back seat and no sunpad cushions. Cabin cushions are intact and upholstery is good. Through-hull exhaust and integral swim platform. Chris Craft also puts the HIN on the hull itself so you can run it with the platform removed. Includes Boatmaster aluminum double axel trailer, needs new brakes, tires good, 6 lug wheels. I'm open to offers and possible trades (work van?) (big Blocks?). She needs some work but I also restore these and i know what a great boat she will be again, i just happen to own several Stingers and i need to let one or two go.
