

## Welcome to the October, 2017 Newsletter

Typical for this time of the year, traffic to the website is starting to slow down with just 2 new Stingers added to the registry in the last month. This now brings the total up to 866.

The graph on this page shows the number of Stingers in the Registry since March 2011 (the first issue of the newsletter). At one point it looked like the number of Stingers in the registry was going to level off just above 700, but it has since picked up and we are coming on 900+ Stingers in the registry.

My best guess is that there were at least 3,526 Stingers built, so 900 Stingers in the registry still represents less than a 3<sup>rd</sup> of the Stingers ever built. There's a lot more to go and I look forward to finding them and getting them in the registry!

Until next month,  
Han

## Stingers for Sale

Below is a list of Stingers that have come up for sale during the previous month. The information for each boat in this section accompanied the owner's original advertisement. If you are interested in one of the boats please contact me at [ccstinger@gmail.com](mailto:ccstinger@gmail.com).

Model: 1982 260  
Location: Waukegan, IL  
Asking Price: \$21,000

For Sale: DIXIE NORMOUS 1982 Chris Craft 260 Stinger Built in 1982 in Bradenton, Florida I purchased this Boat in June 2009. This boat had a scratch and/or a ding here and there yet ran and drove quite well. I'm in my mid 70's and have been a boat person all my life, and I might add that I operated a full service boat company for several years. I'm quite capable of handling any mechanical, wood or fiberglass challenges. I'm retired and I have time on my hands, so I applied myself and brought this boat up to my standards. I also have many friends in the boat business so there's very little I or they can't handle. This boat has twin 260HP, 350cu/in engines with Alpha One outdrives. It has a Teak swim platform as well as a 3 blade stainless props. I repaired the dings and scratches on the hull, prepped then painted the hull. I used the original colors for the base coat then clear coated it. Over the years I made several changes (they're listed below) because I had the ability, time and finances. I've always used Mobil 1 15/50 in the engines along with Merc oil filters. All the parts and upgrades I have used on this boat were from Mercruiser. At present the exterior of this boat is as new as are all the cushions and seats. I never got to the cabin which could use some updating. Upgrades and Enhancements that I have done to this boat. Paint entire exterior using original colors. 2010 Recovered and replaced the foam in all cushions and seats 2010 Installed remote oil filter up grade (for easy access.) 2010 Installed new exhaust manifolds & risers (center type risers.) 2011 Installed through the transom exhaust system (using 4" polished stainless) 2011 Complete ignition upgrade to Thunderbolt IV 2011 All new shift and throttle cables 2012 New Quicksilver controls 2012 Install onboard marine battery charger 2013 Install new trim and tilt sensors 2013 Complete Drive service on both drives 2014 Rebuild both Carbs. 2014 Installed new pedestals on front seats Added batteries (boat now has 4 batteries.) Installed battery quick disconnect switches Installed crossover switches for emergency starting

Model: 1984 390  
Location: San Antonio, TX  
Asking Price: \$49,500

Likely the finest original 1984 Stinger 390X in existence, particularly in the rare factory beige/brown/yellow/orange color scheme. Continues to have original hardware, colors, graphics, stereo, refrigerator, gauges, outdrives, engines, and MYCO trailer. Engines rebuilt Fall 2014, only 20 hours operation since. Trailer improved with disc brakes (were drum), new springs, master cylinder hitch assembly, tongue jack, line lock for backing, chains and more. Cabin now has Teak floor and brushed stainless fridge door. Cockpit updated with amplifier, Rockford-Fosgate speakers, stainless counter/sink top, Teak floor and trim, new upholstery, new gauge bezels and powder coated surrounds and more. Engines extremely well cared for and start/run well. Outdrives received new bellows and carrier bearings Fall 2014 as well. Fresh cockpit, deck and bottom Awlgrip Awlcraft 2000 paint with professionally applied silicone anti-skid finish. Most of this boat's life was in Portland, Oregon in fresh waters of the Columbia River. Always high-and-dry or trailered. Currently

in Southern California. This boat is a joy to own/operate, and particularly rewarding when answering to compliments, questions and admiration where ever you take it! Mionli Vice is truly an important part of American boating history, that is gaining value and more notoriety every day. It can be yours!

Model: 1988 202  
Location: Rochester, NY  
Asking Price: \$8,000

I have a super rare 88' chris craft stinger 202 for sale. It has 165 hours on the hull. This boat is like brand new. I literally just finished it. This is the coolest fiberglass speed boat that Chris Craft ever made and was made for the Miami Vice tv series. They were built in very limited quantities and there are only a handful of these left. There is a website dedicated to them, I know of no other boats that have a cult following. I built this one to be better than it was originally. It is an attention grabber. I get compliments on it wherever I am and have had numerous offers on it even before I restored it. I'm selling it because I'm getting married and need the money. I just put well over \$7500 into it this summer alone and have well over 12K into it total. I had planned on using it but sadly it needs to go. Weddings are insanely expensive and I'm finding out the hard way. I replaced the motor and outdrive. It has an OMC 4.3L v-6 and an OMC cobra outdrive. Next, I gutted the boat completely and installed new marine ply, fiberglass, carpet, custom built seats and engine cover and had everything professionally upholstered. I installed a new GT steering wheel, a Sony marine cd/mp3/satellite radio which sounds awesome, a new bilge pump, new fuel lines, new aluminum swivel/slider/adjustable height seat posts and new Tracker style folding seats. The interior work cost over \$4K alone but was well worth it. It came out awesome. I had a 4bbl. Rochester carb installed which brings the HP up to 205 and will do over 60MPH. I had the pin striping re-done on the boat and matching Shorelandr trailer. I replaced the tires, lights, and started to strip and repaint the entire trailer. It also has a new deep cycle battery. There are 2 swim platforms molded into the stern that have teak foot boards and they were also refinished and look great. I also just purchased a new trailerable cover for it. I even just filled the tank with ethanol free 93 octane fuel. I'm probably forgetting a lot. If you're interested you must include the words eighty-eight chris craft to get a response due to spammers. I know it's the wrong time of the year to sell a boat and I could get more for it this spring which is why I priced it where it is. It is well worth the money. Chris craft builds the very best boats around and this one is better than new.

Model: 1988 260  
Location: Kingston, NY  
Asking Price: \$4,500

Boat Hull is pretty clean, Imron paint two years prior to me buying her in 2013 (per previous owner), set up for SBC twins and alpha drives, off-color repaint spot, stbd side above rub rail. DOES NOT INCLUDE ENGINES, but includes drives, bennet tabs, all cables, rigging and harnesses in place. has drop down bolsters with adjustable headrests, but the upholstery is SHOT. the top edges are all split from sun and exposure ( prior to me owning it), no back seat and no sunpad cushions. cabin cushions are intact and upholstery is good. through-hull exhaust and integral swim platform. Chris Craft also puts the HIN on the hull itself so you can run it with the platform removed. Includes Boatmaster aluminum double axle trailer, needs new brakes, tires good, 6 lug wheels. I'm open to offers and possible trades (work van?) ( big Blocks?). she needs some work but I also restore these and i know what a great boat she will be again, i just happen to own several Stingers and i need to let one or two go.

Model: 1988 311  
Location: Surfside Beach, TX  
Asking Price: \$14,500

This boat sank at the dock, and the front end went under in salt for a few hours. The console and back half remained dry, but at minimum the batteries, forward cabin wires and bow lighting wires must be replaced. This set of Mercury 2000 Optimax 225 engines are missing certain components – one compressor, one control module, but the cowlings are good, the lower units are perfect, and the stainless steel Mercury Vengeance propellers are included. Hours are unknown; these were taken off of a different boat. Project package includes the 8 foot wide HERMCO flotation bracket with swim ladder, plus Bennett trim tabs. There is a nice storage box across the back for gaffs, nets, spare filters, etc. Regarding the back end, the transom and floor were replaced in 2011, and there is now an abundance of Penske board under that pretty finish. The rock solid transom was raised to full height and its four inches thick. The plywood cored floor was replaced with Penske board, and now includes four in-floor holds. Includes rear jump seats to provide comfortable seating for four people at the back end. There are 12 seating positions on this boat, and 27 rod holders. A FURUNO 24 mile radar is mounted on the hard top, along with Lee outrigger bases and 15 foot outriggers. The forward half of the boat has spray rails, which are very effective in keeping everyone dry. There is also a FURUNO fish finder with flush-mounted Airmar transducer, Stereo, VHF and GPS unit. Overhead are 5 rocket launchers, a large electronics box, a hailing horn, LED spreader lights and accessory lighting. The full height Plexiglas windshield protects the helm, and there is also a 5-piece curtain set for when it gets rainy. Custom leaning post includes full width padding, four rod holders, 2 drink holders, 50 gallon live well with viewing window, 10 gallon fresh water tank, insulated storage for about 100 pounds of ice, and storage for trash. The boat has a remote control Go Light up front, but that was submerged and probably will not work. It rides on a year 2000 aluminum I-beam trailer. The forward cabin has room for two adults to stretch out for a nap, or use that area to store rods, tackle, water skis, gear and toys. The Aluminum I beam trailer has 2 axles, stout wooden bunks, tall guide posts and 2 new tires. Now for the bad: The insurance appraiser believes that the stringers are damaged somewhere near the middle of the boat, and they really should be replaced before this boat goes out bouncing through the Gulf chop. Easy fix: just cut the floor and attack/replace those from the top. If I had time and a workshop, I could do that myself in a couple of weeks, but I changed horses and bought a solid 28 foot boat instead. When this Stinger was running right, it could easily hit 50 mph on the GPS with two 200 horse outboards. It runs and rides a lot like other "go-fast boats" (think Contender, Baja, Whitewater, Donzi) and provides a very comfortable

ride. It is a deep V, with a 24° attack angle. The 170 gallon fuel tank is in good condition with no leaks, so the effective range with a pair of good engines is over 300 miles. Asking \$14,500 (estimate 6K for the engine pair, 2K for the Trailer, 6.5K on the hull - but would far rather sell the whole package) The boat is located in Surfside Beach, (near Freeport) Texas.

I took deposit on this boat almost a year ago, the perspective owner made a few payments then came to the US to work on the boat. They knew nothing about boat restoration and took her apart discarding many critical pieces... She is now a stripped Hull. Among some of the existing stock parts are the upholstered interior seat frames, and all of the cabin cushions. All wiring and rigging was removed and /or destroyed by these people before they fled back to Germany. I'm gauging interest here. Does anyone want to give her a home? Trailer will not be included, but I will deliver her for a nominal fee to cover my expenses. I offering her for free.

1989 Stinger 415. 44' overall with integral swim platform. I will add photos to show her current shape. Hull is unchanged, just naked

1989 Chris Craft Scorpion Stinger with twin Yamaha 200s Raymarine color GPS and fish finder. vhf radio everything work as it should. Cuddy in the front with porta potty. Full cover including engine covers. Jack plate. Bimini top. This boat has been very dependable for me over the last ten years going out to jeffreys ledge weekly. Handles like a dream. Currently located in Brookline NH and can be test ridden with an accepted offer. Comes with a 2008 triple axle trailer which cost \$6500 alone. why pay 150000 for a new boat of this caliber. Boat gets many compliments when we pull up to the dock. This boat is a steal at \$12500
